

WELCOME TO OUR CITY

Slick up time. Brace up, clean up and prepare to welcome thousands of summer visitors. Portsmouth is rich in treasures that attract and our historic houses are all being made ready. Let's make the "Old City by the Sea" even more attractive. Stop the mutilation of the trees and poles in our public streets. Enforce the laws.

Why Permit the Marring of the City Thoroughfares?

PRICE TWO CENTS

SEC. DANIELS REPLIES TO NAVAL CRITICS

(By Associated Press)

Washington, May 20.—Secretary Daniels today replied to the criticisms of naval officers that he did not take adequate steps to secure sufficient personnel for the Navy before the United States entered the war. He told the Senate committee investigating the Navy's conduct of the war that an effort to link his personnel policies in 1914 with the World War had been "abhorrent" and declared that if he erred then it was because he followed the precedent established by those who preceded him in office. Mr. Daniels reviewed all of the personnel legislation during his term of office and told the committee that "what the Navy did in enrolling and training young men during the World War was had any precedent in any Navy during the last or any previous war." The British Navy he said, totaled 415,000 officers and men when the armistice was signed against 620,000 for the United States.

TROOPS HOT ON TRAIL OF CARRANZA

(By Associated Press)

San Antonio, Texas, May 20.—General Carranza is attempting to escape from Mexico through the port of Nautla, state of Vera Cruz according to a despatch reaching this city today from Mexico City and credited to General Trevino who had just returned to the Capital from the State of Puebla. Trevino said he had despatched three columns in pursuit of the President. Trevino declared that Carranza's escape was impossible and predicted his capture within a few hours.

BRITISH CAVALRY SENT TO STOP RIOTS IN IRELAND

(By Associated Press)

Dublin, May 20.—Contingents of British cavalry and infantry are arriving in Ireland, but the possible number of troops on the island is still considerably below that of a year ago. Many men then on duty had enlisted for the duration of the war and have since been demobilized. Troops hitherto have been used merely as police and have not been numerous enough to cope with disturbances. The wholesale burning of police barracks in the

recent past appeared to be more wantonness on the part of raiders since many of the buildings had been abandoned by the police but now it appears these acts were attributable to the foresight of Sinn Féin leaders. It was anticipated that an extension of military activity was contemplated by the government and that these barracks would be used by detachments of soldiers. One man was killed and two women hurt last night in rioting at Limerick.

LUDLOW MILLS CLOSED WHEN FORCE STRIKE

(By Associated Press)

Ludlow, Mass., May 20.—The mills of the Ludlow Manufacturing Associates employing 3400 hands were closed as a result of a strike of about 230 doffers and frame hands of No. 8 mill yesterday. The 30 doffers, unskilled women, quit work to enforce the demand for a wage increase. The 20 frame hands were forced out for lack of work and once out, declined to join in an attempt for better pay.

ZIMMERMAN WOMAN AGAIN ON STAND.

(By Associated Press)

Springfield, Mass., May 20.—Mrs. Jeannie Zimmerman who yesterday ended 18 hours on the witness stand as defendant in her trial for the murder of Dr. Henry Zimmerman, her

cousin, was recalled to the stand today by District Attorney Wright in order to answer a few additional questions. These dealt with her relations with Dr. Zimmerman, mostly in 1917 and 1919. She was unable to recall whether his alleged assault upon her in the doctor's office occurred on Sunday or a week day. She denied ever saying that her revenge would be complete if she could see Dr. Zimmerman, crippled for life.

H. C. L. HITS REPUBLICAN CONVENTION

Chicago, May 20.—The cost of the Republican national convention will be at least 50 per cent more than the convention of 1916 according to Fred W. Upham, Chairman of the Chicago committee on arrangements, and treasurer of the national committee. He placed the cost of this convention at \$150,000 with a probability that the cost would reach \$160,000.

JUDGE YOUNG ORDERS CASES TRANSFERRED

Suit of Mayor Hislop Goes to the United States District Court.

By order of Judge Young of the superior court the case of Mayor Albert Hislop against George Decker, J. D. Macfarlane and Harry Weinbaum, representatives of the Boston American, has been transferred to the United States District court. The transfer is made following the filing of a bond and petition of Attorney Samuel W. Emery in which he, as counsel for the defendants, requested the hearing transferred.

The case involves a suit for \$10,000 and claims libel printed in the issues of the Boston American in January last. The writ is returnable in the September term of the District Court at Littleton.

The petition was filed on May 4. Judge B. L. Gupill appears for the plaintiff.

WILL WAIT FOR DROP IN SUGAR

(By Associated Press)

New York, May 20.—The National Preservers and Fruit Products Association announced today that its members would stay out of the sugar market until the price of sugar comes down. The Association claims to represent 25 per cent of the manufacturers of the country who make jams, jellies and preserves.

HIGH SUGAR PRICE IS BROUGHT ABOUT BY HOARDING

Investigation Shows Much Sugar Stored Up in All Sections of the Country

(By Associated Press)

New York, May 20.—"The so-called sugar shortage does not exist" read a statement by Marcus Baltimore, the president of the association who has investigated available supplies with the help of the Department of Justice and representatives of the refining industry. "The present prices represent pure inflation caused through hoarding by sugar speculators." He said that with the sugar already in this country and the amount contracted for and available on the Cuban market, an excess of more than 600,000 tons over last year's total consumption was in sight. Mr. Baltimore said that he and other members of the association had been surprised by the amount of sugar they found stored up in the country. "When we started this investigation we thought as everyone did that there really was a shortage. Our purpose was to discover where the sugar was, so that we could buy it for use in our business. When we discovered the fact we called a meeting of the association." Out of about 60 members, representing about 85 per cent of the jam, jelly and preserve industry in the country, more than 45 came to New York. Our nation was unanimous to refuse to purchase sugar until the present high prices are cut in two. We will close down our factories after using up the supplies we now have if the speculators refuse to listen to reason."

DRIVERS' STRIKE HOLDS UP NEW YORK MILK

(By Associated Press)

New York, May 20.—Milk deliveries in Manhattan and Long Island city were almost completely shut off today by the unauthorized strike of milk wagon drivers. Leaders of the strike declared that 5,000 drivers had joined the walkout but union officials asserted that no more than 800 were out. Police dispersed strikers at distributing stations. Several unsuccessful attempts were made by strikers to seize milk trucks. One driver was assaulted and injured while attempting a delivery.

ASK PRESS TO EXPLAIN BOND SITUATION

Washington, May 20.—The treasury department appealed today to the press of the United States to aid in improving Liberty Bond situation by carrying in their columns a statement as to the intrinsic value of the bonds and their present price. The statement explained the reasons for present prices and suggested methods for their improvement.

HELD BY POLICE AT BIDDEFORD.

BOLSHEVIKI HAVE POLES ON THE RUN

Many Prisoners and Large Amount of Supplies Taken on Fifty-Mile Front.

(By Associated Press)

London, May 20.—The offensive begun last Friday by the Bolsheviks against the Poles along a fifty mile line on the northern front was continuing successfully yesterday, according to an official statement from the Soviet government received by wireless from Moscow today. The Polish retreat was continuing and was particularly at some points, the statement declared. The capture of a large part of prisoners and immense amounts of supplies is claimed. The Bolsheviks report their defense in the Cherkassy region to the city of Kiev to be continuing.

When Lieut. E.

PEPPERRELL COVE

Pepperrell Cove, May 20.—The accident to Capt. Lindsey's wharf Tuesday leads one to remark why does a factory make a line watch, and give it to a blacksmith to regulate? This accident did not happen, neither did the other accident to the ship happen, they both occurred for the want of what upon the world. Paul Jones humphred the 74-gun ship without bumping her into Church Point and the Franklin was humphred without staying one side on Kittery shore. We have the name of one of the finest harbors in the country, that name won't last long if we can't launch a ship or get to sea without slaying a wharf down.

The U. S. Government will spend \$4,500,000, the city of New York will spend \$1,000,000, the state of New York will spend \$2,000,000, 9 million in all to make the port of New York second to any city in the world as a terminal and port facilities.

It needs it. Twenty miles of freight cars started for New York were, in a single week diverted to Philadelphia, because of the congestion in the metropolis. Send them here. We have no congestion and we can handle them without spending a dollar in improvements. We are already for export business. Why does it not come? Tom Lawson would say because of the system. New Hampshire builds up other ports, and neglects her own. We are hoovers of wood and drawers of water. We have a fine harbor and use it no more for export trade than the Indians did, before the white man came, because of the system. Our harbor reminds us of a beauti-

ful lady—that no one wishes to marry. The cherry trees are just beginning a blossom. Who cares? No one. They come and go, like all other trees in down, yet in Japan people worship them. It is just as we are brought in why, we would have only one religion if we were brought in one way. God is the father of us all, the fatherhood of God, and the brotherhood of man, is large enough to take everybody, any one that cannot stand on that must go as he pleases.

It reminds us of the story—a man was requested to go and view his friend, after his death, who was an infidel, who said, "Too bad, John is all dressed up and no where to go."

Frank Chumney, a former resident, has been visiting his friends here during the week and has returned to Bang Harbor, N. Y.

W. D. Howells left \$105,000 and it will be divided between his son and daughter.

The Goodwin family have opened their summer home on Gerrish Island. Here is buried Col. Timothy Gerrish, the founder of the family in Kittery.

KITTERY

Kittery, May 20.—Mrs. Homer Burgess of the Intervenor is improving from a long illness. She was remembered with a Sunshine Basket on Tuesday by her friends.

The Ladies Aid Society will have its annual meeting this evening at the Second Methodist vestry. The election of officers will take place.

Mrs. A. T. Chandler announces the engagement of her daughter, Myra B. to Lester J. Staples, the wedding to occur early in July.

Word received from Milton T. Brewster on Wednesday was to the effect that he continues to improve from his serious accident. His friends have recently sent him a postal card shower which he greatly appreciated.

Kittery Grange meets this evening and will be preceded by a supper at 6 o'clock, new time. The third and fourth degrees will be conferred on a large class of candidates.

St. Ann's Guild of Red Men held a dance at Wentworth hall on Wednesday evening.

The Ladies Circle of the Second Christian church was entertained on Wednesday afternoon by Mrs. Frank Parker.

Lloyd Shapleigh of Augusta has been the guest of his parents, Dr. and Mrs. E. E. Shapleigh.

The annual district meeting of the Women's Foreign Missionary Society of the Methodist Portland District, will be held at Westbrook, Me., May 25. It will be an all day session and included in the business will be the reports of the societies in the district.

Eugene Dodge of Newmarket street has returned to his duties on the navy yard after a week's illness.

Miss Susie Hubbard is having a week's vacation from her duties at the Northwick store, Portsmouth.

Carl Corning returned Wednesday from a brief trip to Manchester.

Miss Lucy Williams of Bedell's Crossing, Kittery Point, who has been ill for several weeks, remains about the same.

A rehearsal of the District School, which will be given Friday evening at Wentworth hall under the auspices of the Music Committee of the Second Christian church, was held on Wednesday evening. Also one will be held tonight at 6.30.

On Friday evening the prayer meeting will be held at the First Methodist church. The pastor is taking up a course of talks on "The Essentials of Soul Winners."

Mrs. A. P. Webber of Stinson street was able to walk down town one day this week for the first time since her accident about ten months ago.

Mrs. Olive Sherburne of North Berwick who is visiting in Portsmouth, is passing a few days in town with her sister.

13 MEN KILLED IN REVOLVER BATTLE

Private Detectives and Miners
in Fight in West Virginia.

(By Associated Press) Charleston, W. V., May 19.—Thirteen men were killed in a pistol battle between private detectives and coal miners today at the Norfolk and Western railroad station of Matapan. According to reports received here by Governor Connell here. Reports received by the District Mines headquarters are that 11 men were killed, eight of whom were of the Baldwin-Feltz detective agency. The Mayor of Matapan was shot and Samuel T. Feltz head of the agency was killed. The entire force of the state troopers were ordered mobilized and sent to that point.

Incident Friday evening at 8 o'clock at the People's Society Building at North Kittery. There will be special music with the readings and refreshments will be served.
Best of service. Kittery Ice Co. Phone 305-31. h f m11

Common Sense Talks With Women

Women should be taught by those of experience that their most precious possession is their health. Upon it depends happiness, success and attractive homes,—for no home can be attractive or happy with a despondent, nervous, irritable wife and mother, suffering from the ills peculiar to her sex, such as displacements, ulceration, inflammation, irregularities and the consequent headaches, backache, and dragging down pains.

It is such women who should listen to common sense advice and when such symptoms appear try that most successful of all medicines, Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and contains no narcotics or harmful drugs, and which for more than forty years has been restoring American women to health.

Here is Proof.

Cokeberry, Fla.—"I had a tumor and suffered with a severe pain in my right side. I could not stoop to fasten my shoes and was not able to do my work. I went to the doctor and he gave me medicine and told me to stay in bed for at least fifteen days and not even to lift a basin of water till I could gain strength enough to be operated on for I never would be well without it. I remembered one of my aunts who had been in the same condition and was cured by your medicine so I took Lydia E. Pinkham's Vegetable Compound and got well completely. The tumor has disappeared and I am able to do anything I want to do. I recommend your medicine to my friends and you can publish my testimonial."—Mrs. S. J. HANCOCK, Box 15, Cokeberry, Fla.

Wakfield, Neb.—"I felt sick all over and did not know what to do with myself. I was irregular and had chills and night sweats, would vomit at that time. I suffered in this way for many years and had medicine from two doctors but they did me no good and so I lost faith in them. Finally my husband got tired of seeing me suffer so he got me a bottle of Lydia E. Pinkham's Vegetable Compound. I began to feel better right away, then I got Lydia E. Pinkham's Vegetable Compound Tablets and took several boxes. Now I feel just fine all the time so it surely is a wonderful medicine. I have told several ladies about your medicine and you can use my testimonial."—Mrs. J. L. PEARCE, R. No. 1, Box 4, Wakfield, Neb.

Unquestionably the Best Remedy for Women's Ills

REDUCTION OF PRICES UP TO THE PEOPLE

(By Associated Press)
Washington, May 19.—Frankly confiding to his colleagues that the clothes on his back were threadbare, worn and patched, Senator Thomas, democrat of Colorado joined in another Senatorial broadcast against profiteering. He said that it was up to the people and not the legislature to break the profiteering, as was demonstrated by the overalls of the senator. The result was apparent in the dispatches from all over the country of the reduction in the prices of the wearing apparel. The legislature did not do this, it was the work of the people and now that they know they have the power they will continue to use it.

HOUSE AGAINST NATIONAL GUARD CHANGES

(By Associated Press)
Washington, May 19.—The House refused today to approve a compromise agreement between the Senate and House conferees to permit states to federalize the national guard by a vote of 209 to 166. By this action the

WOOD WINS IN VERMONT

Montpelier, Vt., May 19.—Incomplete returns early today from Vermont's presidential preference primary yesterday gave Maj. Gen. Wood approximately 70 per cent. of the Republican vote, the total of which was about one-fourth of the total. The Democratic vote was negligible.

Sen. Johnson of Calif. and Herbert C. Hoover were in a close race for second place on the Republican ballot. Gov. Coolidge of Massachusetts and William Grant Webster, an attorney of New York, were contesting the next position.

Gen. Wood ran better in the country towns than in the cities. His name and Webster's were the only ones printed on the Republican ballot, and their names were printed on the Democratic ticket.

The light vote cast in the primary is attributed to the fact that the result of the balloting is not binding on the delegates to the party national conventions to be held soon.

The state has eight delegates, including four at large.

Keep in touch with local events and read The Herald daily.

TRIAL YACHT RACES FOR AMERICA'S CUP

New York, May 20.—The first official activity in connection with the America's Cup races off Sandy Hook, July 15, will begin Friday on Long Island Sound when the prospective cup-defending yachts Resolute and Vanitie meet in the opening race of the 1920 elimination series. Weather permitting six races will be held off New Haven, Conn., between May 21 and 27, after which the yachts will proceed to Newport for a more extended series of races under open sea conditions. The schedule calls for races off New Haven on May 21, 22, 23, 24, 25, 26, and 27. The Newport races are set for June 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 and 19.

The contests off New Haven are to be short practice events, probably twice around a short course and will not count materially in the selection of a defender. Their chief purpose will be to afford the crews practice and to stretch sails and rigging.

The real trial races will be the ones off Newport. There will probably be twelve or fourteen of the matches. The cup committee then will announce the defender. These races will be "for blood." The friendship that exists between the two crews will be forgotten, each desiring to be the "cup boat." Once the defender is picked, the "duelists" of the two yachts will again get together to plan the defense of the America's cup.

The regatta committee of the New York Yacht Club will have full charge of all the trial races. It is made up of H. Deth, Parsons, chairman, Joseph M. Macdonald and Frederick D. Spedden. With both Resolute and Vanitie in the water again yachtsmen are once more beginning to take an interest in the international series for the classic yachting trophy. The race to put Resolute and Vanitie into the water first was watched with interest throughout the country. The honors went to Vanitie. Not only was she launched a day ahead of Resolute, but she also was under sail 21 hours ahead of the Herreshoff designed craft. This, of course, means nothing in the selection of the defender of the cup. Still the race to put the yachts into commission was interesting, as it showed the keen rivalry that exists between the managing directors of the craft.

Vanitie, designed by William Gardner for Alexander Smith Corbhan, a member of the New York Yacht Club, originally was built by George Lawley & Son Corp., at Newport, R.I., in 1914. Her general dimensions are 118 feet overall; 34 feet on the waterline; 22 feet 6 inches extreme breadth and a draft of about 11 feet. Since 1916, the craft has been at Robert Jacob's yard, City Island. Last winter Mr. Corbhan gave the yacht to the Cup Committee of the New York Yacht Club and the committee, in turn, placed Vanitie in the hands of Rear Commodore George Nichols, one of the best amateur sailors in the country.

Throughout the winter, Rear Commodore Nichols has been experimenting with the vessel. In the trial races of 1914, Vanitie had to allow Resolute time. The junior flag officer of the New York club tried to find a method of eliminating the handicap. With this idea in view changes have been made in the rig and the centerboard and the yacht generally lightened. Naturally, there has been considerable secrecy regarding the changes. Whether Rear Commodore Nichols has gained his point will not be known until the defending yachts are officially measured.

The changes in Vanitie were made at Robert Jacob's yard. It is said that Sterling Burgess, a Boston yachtsman, a member of the afterguard of the Gardner boat, principally is responsible for the changes. One is a new hollow spruce spreader, about thirty-two feet from tip to tip. These changes have been made to lighten the craft.

Regardless of the fact that it had been frequently reported that Vanitie's stem was to be shortened materially and that her rail, which is really the continuation of her sides above the deck, was to be removed, these changes have not been made. The rail has been cut away from about two-thirds way aft so as to enable the "toes" to clear themselves of seas, but may come on board, more rapidly than if the waters had to get away through the small sennepers. The angle at which the centerboard of Vanitie extends has been altered so as to throw the weight forward. This is hoped to increase her windward qualities.

Vanitie will be raced by Rear Commodore George Nichols. In addition to a flag officer and Mr. Burgess, there will be on the quarterdeck in the majority of the races, C. J. Lawrence and Sherman Hoyt. Both are well known New York yachtsmen, the former being prominent in the weekly racing of the Seawanhaka Corinthian Yacht Club of Oyster Bay and the latter interested in yachting for years. G. A. Gantzen is the professional skipper of Vanitie. In former races for the America's cup, the professional skipper has been the all important personage on board a cup yacht. That is not so today. Both Shamrock IV and the American defender will be sailed by an amateur. Still the professional skipper plays an important part on a cup boat and although he is not as well known as

so as to bring the yacht to a new line of flotation, in the hopes that a shorter waterline will draw more time from opponents. It is said that about 200 pounds have been removed from the top hamper of the craft. The new Resolute mast, with its aluminum gaff is considered unmatched in strength and lightness. The changes have made Resolute take a little higher out of the water than in 1911. In her trials to date, she seems to have gained by the alterations in running before the wind.

In addition to Captain Parsons, there will be on board the Bristol yacht, Charles Francis Adams, 2nd, of Boston, who will hold the wheel, Geo. A. Cornwell, secretary of the New York Yacht Club, and John Parkinson. All served as members of the afterguard in 1911. No one has as yet been selected to take the place of Rear Commodore Nichols. Captain Christensen also moved on the craft in 1914.

INDUSTRIES GLAMORING FOR CARS

(By Associated Press)

Washington, May 19.—A wild scramble among individual lines of industries for preferential treatment in car movement was disclosed today as the Interstate Commerce Commission gave indications of reaching a definite plan for breaking the freight blockade. There is a chance for car and priority rights from the grain and coal dealers. A committee recommended to the commission that an order transferring 20,000 box cars from the Atlantic coast lines to west of Chicago, and that there be a re-location of 30,000 coal cars from west of the Mississippi river to areas in the congested freight district. The movement to be in the next thirty days in order to gain any benefits.

GREENLAND

Greenland, May 20.—Mrs. John Mac Neary of Boston is the guest of Mrs. Evelyn Evans.

Miss Alice Sweet, who has spent the winter in Plymouth, Mass., has returned for the summer.

S. B. Brackett has recovered from his recent operation, performed at the Corey Hill hospital, and has returned to his home in Exeter.

DEGREE TEAM GOES TO MARBLEHEAD

The degree team of Union High School left today for Marblehead, Mass., to work a degree this evening. This is the first time any Marblehead degree team of this state has been invited out of the state to work a degree. This lodge has several invitations to work

Hair Grown on Bald Head

After being almost bald, a New Yorker is now growing hair again. He is so proud that he will send the information free to anyone who asks for it. Write John H. Hamilton, 222 E. 12th St., New York, N. Y. Send no money. Men have grown hair after all the failed. Cut this out, show others, it's genuine.

Portsmouth, N. H., Thursday, May 20, 1920.

The End of a Notable Career.

It is a pleasure to reflect on such a career as that of Oliver P. Morton, who died Sunday evening at his summer home at Rhinebeck, N. Y., on the 96th anniversary of his birth, his death following a very brief illness. As financier and statesman he had been a prominent figure in the country's business and public life for many years, his public record including service in Congress, and as vice president of the United States and governor of New York.

It is given to few to reach such a great age, but longevity was not the chief distinction of this eminent man. What distinguished him was the fact that he rose from the humblest beginning to commanding influence in the financial world and to high and honorable positions in the public life of his state and the nation, and that in these positions he displayed not only ability of the highest order, but exemplified those qualities which command the confidence and esteem of one's countrymen.

Mr. Morton had no special advantages in early life save those which are derived from a good ancestry. He was born in Vermont, the son of a poor clergyman, and at the age of 14 years went to work in a country store. At 21 he started a store of his own, and a few years later he engaged in the banking business in New York in partnership with the father of the late J. P. Morgan. In this business he was preeminently successful. Later he founded a banking house of his own which became the fiscal agent of the government and conducted some of the largest negotiations in the history of American finance. For some years past he had lived in Washington in well-earned retirement.

Were it not for the fact that similar instances are so common in this country the story of Mr. Morton's life would sound more like fiction than fact. But in reality his case is one of many in which American boys have risen from obscurity and poverty to positions of great influence and usefulness, proving over and over again that this is a land of opportunity beyond any other in the world, a land in which ability is recognized at its worth.

In business and in his public service Mr. Morton's life was beyond reproach. No business transaction and no political act ever brought his honor in question. He was known in public and in private as an upright American citizen of great capabilities and a willingness to be of service to his fellow men, and as such he will be remembered.

American boys may well give heed to the lesson taught by the life of Mr. Morton and the lives of others who have risen to eminence through native ability, honesty and perseverance. The records of such men prove that the door of opportunity here swings wide open to all, and form a powerful incentive to earnest effort on the part of all who would make the most of themselves and their opportunities.

Not all can become rich or great, and it is not necessary that they should in order to succeed; but all who will may make the most of the faculties that have been given them, and those who do this do all that is required of them and will be honored by their fellows, even if they achieve no greater distinction than being the right kind of American citizens.

Sunday crowds are beginning to find their way to the coast resorts, but it will be some little time yet before the water will tempt any but the most hardy into close contact. But the beauty is there and the smell of the "salt sea waves" is as refreshing as ever.

Real estate movements show that Portsmouth is still on the upward slope, even if the census takers failed to do the city full justice.

And now the city is to have a Young Woman's Christian Association. Success to the efforts of those behind the movement, which should prove of real value to the girls and young women of Portsmouth!

Baled hay as a cover for liquor shipments from Canada has had its day, but the shipments do not stop. In Maine the other day agents seized a large quantity of whiskey concealed in a carload of lumber.

It is stated that the average yearly wage of railroad men is \$1,250, and that a respectable standard of living calls for \$2,553. Does this mean that the pay of all railroad men should be doubled?

American exports of textiles to Argentina have increased greatly in the last few years, but Japan is a lively competitor and this means that American exporters will have to attend to business if they are to hold the ground that has been gained. The Japs are hustlers and have honestly earned their right to be called the "Yankées of the East."

Money is said to be one of the cheapest of Russian products. And it sometimes seems as if the United States was getting into a similar condition.

SPAULDING IN SENATE RACE AGAINST MOSES

The long expected announcement of Mr. Huntley N. Spaulding of Boston and Rochester, of his candidacy for the U. S. Senate against Senator Geo. H. Moses in the September primaries, was released for publication this morning. It is addressed to the republicans of New Hampshire and is in part as follows:

"After careful consideration and in response to the urgent suggestions of many men and women in the State, whose judgment I respect and whose confidence I highly prize, I have decided to become a candidate for the Republican nomination for United States Senator from New Hampshire at the primary elections to be held next September. In fulfilling this decision, I sincerely request the active support of those Republicans who felt that, if elected, I would honestly and fearlessly represent the people of New Hampshire.

Whether we win it or not, the time has come when we of this Nation must

HUNTLEY N. SPAULDING

accept the fact that we face international responsibilities which may not be avoided. The frank assumption of these responsibilities, their definition and the accompanying erection of proper safeguards to our national integrity are, I believe, as indispensable to America as to the rest of the world. It is to me, therefore, unthinkable that a majority of the Republican voters in this State can be willing to support a Senatorial candidacy that is based upon a short-sighted and provincial policy of national isolation.

At home, as well as abroad, selfish interest challenges selfish interest, and the confidence of men in one another is shaken. I believe that the national and local issues of the day are successfully to be met only in a spirit of sympathy, broad toleration and serious purpose that can and will also above the bounds of narrow partisanship.

For myself, I view party as an instrument and not as an end. That end is no less, indeed, than the upbuilding, the strengthening and the protecting, in useful happiness and contentment, of the American people. For more than half a century the Republican party has been the instrument through which the great forces of constructive statesmanship have operated for the well-being of the Nation. And now again in this period of groping doubt, that party must prove the unfailing reliance of a troubled and distraught people.

PEOPLE'S OPINIONS

Some Good Suggestions For the Portsmouth Navy Yard.

Editor: Of all the navy yards in the United States this navy yard is head and shoulders above them all as far as natural opportunities are concerned, excepting Bremerton, Washington, on the west coast. With our deep harbor always available any season of the year, summer or winter, swift current deep water, no dredging, 50 feet at all times; what a glorious chance! What a chance for building where the naval hospital is now situated? Launch a ship out into the lower harbor between Clark's Island and Johnson's Island? What a chance for a dry dock. Come right in from sea and enter the dock from that side of the yard. Shops, cranes, railroads, ships, all the way around the yard from east end of yard to the west end abreast Portsmouth. And look all around us—deep water—almost a crime not to use all the places in God's green earth. Where is there another such chance all the way from Whales Back around Kittery Point, Spruce Creek, New Castle, Portsmouth, Kittery, Newington, Elliot, Deep water everywhere. What would New York or Boston or any other city do if they had it? While in Portsmouth, and all the surrounding towns, take the chance Nature has provided for you. Don't be a dead one any longer. Come out and fight

for your rights. Get what has been given you and use it. Keep boasting and you will win. From one who has seen both sides of this country and knows what he is talking about.

READER OF THE HERALD.

NAVY YARD NOTES

Eighteen Men Out.
Eighteen applicants for the contests of the Industrial track meet on Decoration Day came out at noon on Wednesday and got into the several practice events including shot put, running broad jump, running high jump, standing broad jump. The men made a most excellent showing which indicates that those who take part from the Yard Athletic Association will give a good account of themselves in the coming event.

Baseball League.
In the yard league the Mine Sweepers defeated the Rappahannock by a score of 19 to 8 on the yard diamond on Wednesday. Today the Schofield and Eagle 46 will play. The league standing to date:

| | Won. | Lost. | P.C. |
|---------------|------|-------|-------|
| Schofield | 1 | 0 | 1.000 |
| Eagle 46 | 1 | 0 | 1.000 |
| Mine Sweepers | 1 | 0 | 1.000 |
| Marines | 1 | 1 | .500 |
| Eagle 23 | 1 | 1 | .500 |
| Rappahannock | 0 | 1 | .000 |
| Southern | 0 | 1 | .000 |

The Prison team has dropped out of the league and has been succeeded by the Southern.

Still in Session.
The Chemistry board which went in action on Monday at the naval prison, is still in session at the institution.

Looks Like a Team.
The crew of the Southern believe that the ship will back up a baseball team this season after all. Boatwain L. J. Green, athletic officer of the ship has called out the several candidates who are to make up the nine and can show any speed on the diamond.

Deserved Promotion.
The many friends of Col. Harry Lee, U. S. M. C., will be pleased to learn of his temporary appointment of brigadier general. General Lee was in command of the prison previous to Lieut. Commander Osborne and made a most efficient commander as well as a great number of friends in Portsmouth. He was later attached to the U. S. S. New Hampshire in command of the marine guard which made this yard his home port. Though General Lee's promotion comes the advance of Major Charles T. Wescott to the next higher grade. Major Wescott will be remembered as being stationed at the marine barracks shortly after the Spanish American war. At that time he was second lieutenant and a most popular officer. Through this same advance in numbers, Captain F. Roland Hoyt, who needs no introduction to Portsmouth people, this being his home, and at the present time in command of the marine barracks, has been promoted to major.

The Army Navy Register has the following words of praise in regards to General Lee's service while in command of the Sixth Regiment in France during the war:

"Colonel Harry Lee who rendered conspicuous service with the marines in France during the war, notably in command of the Sixth Regiment, has been appointed temporary brigadier general in the marine corps to fill the temporary vacancy caused by the temporary promotion of Gen. Wendell C. Neville to major general. Colonel Lee's advancement will result in the temporary promotion of the following to the next higher grades, respectively, with rank from March 28: Lieut. Col. Dickinson P. Hall, Major Charles T. Wescott and Captain Frederick R. Hoyt. General Lee, who has been in command of the first regiment of marines at Philadelphia will be assigned to duty at Washington, where he will be a member of the board to be appointed several weeks hence to consider the records and make recommendations as to permanent appointment in the marine corps of temporary, reserve and former officers. The board will be made up of seven high-ranking officers of the corps, with Major General John A. Lejeune at its head.

Music every Sunday afternoon from 1 to 3 p. m. at Hotel Pepperell, Kittery Point.

Dusnell Arrives.
The U. S. S. Dusnell arrived at the yard on Wednesday and will take part in radio tests to be made on some of the submarines.

Ordered Discharged.
Lester A. Lawrence, yeoman, has been transferred from the receiving ship at New York to the receiving ship Southern, relieving Yeoman Harry P. Aubrey, who is to be discharged on a special order from the secretary of the Navy.

FRED HANSCOM, DOVER, DIES

Dover, N. H., May 20.—Fred Hanscom, a teamster in the Pacific Mills, died early Wednesday at the Westworth Hospital, aged 55. He was born in South Berwick, Me., and came here in 1918. He was a member of the Pythian Lodge at South Berwick and the Portsmouth lodge of the Order of Moose.

DESTROYERS ARE ORDERED TO MEXICO

(By Associated Press)
Boston, May 19.—The destroyers Rodgers and Converse have been ordered to proceed to Mexican waters to relieve vessels now on duty there. The Rodgers was on her way today and the Converse was preparing to sail tomorrow.

BIRTHDAY PARTY Marjorie Thompson Entertains Little Friends.

Miss Marjorie C. Thompson entertained a gathering of her young friends on Wednesday from 5.30 to 8 p. m. in honor of her tenth anniversary at the home of her parents, Mr. and Mrs. Leon B. Thompson of Willow Lane. Mrs. Thompson was assisted in entertaining the children by Misses Emma Weston, Katherine Neville and Mrs. George S. Priddham.

The lower rooms were prettily decorated with pink and white crepe paper and Japanese lanterns. The center of the dining room table was graced with a richly frosted birthday cake dedicated to the little hostess, and on this ten candles burned. The birthday lunch included sandwiches, assorted cake, fancy coffee, ice cream and apples. The little ones made a pretty picture at the table and all much enjoyed the feast. The occasion was enlivened with games and music, the games including blindman's bluff, wild animal hunt, drop the handkerchief, London bridge and others.

Miss Marjorie received a number of birthday gifts and every moment of the gathering was one of pleasure to the participants. Miss Weston presided at the piano for the children's march to the dining room.

Those present were: Thelma Staples, Eleanor Shaw, Evelyn Lewis, Margaret Parker, Doris Ashworth, Rebecca Gray, Dorothy Priddham, Florence Huber, Owendellina Seckins, from Dodge, Virginia Sands, Virginia Lacey, Lavette Carl, Julia White.

After the children disbanded Mrs. Thompson served a special lunch of lobster salad, peas, cake and coffee to the ladies who assisted her in the arrangements of the afternoon and after the lunch a social hour was enjoyed.

RYE COMMUNITY CLUB

The last meeting of the club for the season was held last evening in the Congregational vestry with a good attendance. It was Ladies' Night, the first in the history of the club. A very enjoyable feature of the evening was orchestral music, furnished by Mr. Ernest J. Moulton, cornet; Mr. Wesley Downing, violin; Mr. Frank O'Neil, trombone; Mr. Arthur Muchmore, piano. George B. Rogers instructed and interested the club in the art of making print cloth, in which he has had many years of experience. The rolling

president of the club mentioned the somewhat unusual fact that during the entire first year of its existence, the club had been entertained and instructed by its members. At the close of Mr. Rogers' address, all sat down to the table and partook of refreshments abundantly provided by the entertainment committee. The club expressed its pleasure in the presence of the ladies and their interest in the welfare of the club. A hearty vote of thanks was accorded to the musicians. The club voted to change the time of its meetings to the third Friday evening of each month, and after a social hour, the club adjourned until that date in October.

EDITORIAL COMMENT

Old Orchard Open.
(From the Portland Press)
Brief bathing suits are being barred all along the Massachusetts and Connecticut coast. We can see where this is going to make Old Orchard interesting.

Texas Black With Blackberries.
(From the Atlanta Constitution)
Colonel George Bailey predicts that Texas will produce sufficient blackberries this year to make jam enough to feed the countenances of all the babies in the whole world.

An Ugly Episode.
(From the Boston Transcript)
"Down with the red flag, up with the Stars and Stripes" was the way the song went. The singer was loudly hissed by certain persons in the audience. A Boston policeman, with fifteen months' service at the fighting front in France, to his credit, tried to identify the persons guilty of hissing. There ventured to assist him a naval officer with more than a year's service spent in the war zone chasing submarines to his credit. These two national defenders failed in their search because the audience protected those who had hissed and because a man purporting to represent the management appeared to regard the incident as of little consequence to risk the loss of money that would be involved by ejecting the persons who had hissed. This did not occur in Milwaukee or St. Louis, but in Boston last night. The facts in the case will not, we venture, fail to interest the mayor and the police commissioner.

Improperly on the Bench.
(From the Pittsburgh Gazette Times)
Ever since Judge Kenesaw Mountain Landis quaffed the delights of nativity through his abortive filing of the Standard Oil Company \$25,000,000, he has evinced a disposition to do bizarre things on the bench of justice. His latest stunt was an ostentatious display of leniency to a thieving employee of the Federal Reserve Bank of Chicago in imposing sentence Judge Landis said: "The same Government that is paying this man starvation wages is asking me to send him to the penitentiary." Instead, he sent him to the House of Correction for a few months. We do not criticize the adequacy of the punishment. And we have no respect for the Chicago Reserve Bank's policy of grinding its employees under small pay while itself takes enormous

NO ADVANCE IN APPAREL FOR WOMEN

(By Associated Press)
Cleveland, Ohio, May 20.—Dressmaker and material costs and advanced prices of women's wearing apparel will not go higher, a survey of the Cleveland American Manufacturers' association shows. The report says that there is a tendency to buy the less costly lines. No cut-throat business because of decreased demand is reported.

NEWS FROM THE ATLANTIC HEIGHTS

Returned From Long Trip
Joseph Wexler of Portsmouth, N.H., has arrived home after a six months absence, having held the position of assistant chief engineer on the steamship Portsmouth which arrived at Philadelphia from Spain this week. Mr. Wexler who came from Philadelphia Wednesday night states that the trip back from Spain consumed seventeen days and was not especially pleasant owing to high winds. The trip abroad was most interesting, the ship stopping at a number of foreign ports. Mr. Wexler plans to remain at home for a time now.

Meeting of Ladies' Aid
The Ladies' Aid Society of the Community Church Association, held its regular meeting Wednesday evening at the home of Mrs. Colbeth, the president, Mrs. F. W. Detheridge presiding. After the usual business was transacted, the time was devoted to sewing for the fair to be held in June. The members have made aprons and holders and are now making a quilt to be sold at the fair. The next meeting of the society will be at the home of Mrs. Ametete.

Many Will Attend
The Whist Party to be given by the Parent-Teachers' Association at the school house on Friday evening will be another pleasant social affair at the Heights. This will be the third to be given under the auspices of the Parent-Teachers' Association of the Atlantic Heights school and they are real community gatherings and tend to get the people together socially and aid in increasing the community spirit. A good number of tickets have already been sold for the party.

Held a Rehearsal
The Girl Scouts met yesterday at the home of Mrs. Colbeth and held a rehearsal of the big drill. The scouts are planning to give a play in June and are rehearsing for the same.

JURY DISAGREES ON SEELEY CASE

Exeter, May 20.—At 11 o'clock yesterday morning the jury in the case of the state vs. Dow Seeley of Salem, who was on trial for a statutory offense, was called before Judge John B. Young, and discharged, they having been out since 11:30 Tuesday morning, and failed to arrive at an agreement.

The arguments were made by J. J. Doyle of Nashua for the defendant, and County Solicitor William H. Steeper of Exeter for the state. The foreman of the jury was Frank Kellogg of Londonderry.

THREE MEN PLACED UNDER \$500 BONDS

Concord, May 20.—Three "still" cases were before Commissioner Burns P. Hodgman in the United

"SPRING FEVER"

is not a disease but simply a sign that many body cells have become tired or lazy after the stress of winter conditions. Such cells need to be nourished and fed, not whipped into temporary activity by so-called "tonics." Father John's Medicine helps Nature repair and rebuild tissues. It contains no drugs nor alcohol. Hence, it is a builder not a bracer. It is a food-medicine, not a mere tonic. In use for over sixty years.

States district court yesterday, which included Alex Greenovich of Halls, charged with operating a still. He pleaded not guilty and was held under \$500 bonds.
Nathan Morin of Manchester, charged with the same offense, pleaded guilty and was placed under \$500 bonds.
Nelson Champagne also pleaded guilty to operating a still and was placed under \$500 bonds.

Personals

Mr. and Mrs. Leonard Farris are visiting in Penacook.

Freeman R. Garrett is recovering from a serious illness.

P. T. McWilliams is in Randolph, Mass., today attending the horse auction.

Miss Minnie Marston of Sherbrooke, Can., is visiting Mrs. Florence Allen of Dover street.

Mr. and Mrs. L. Miller Palfrey are occupying their summer camp at Birchdale, Newington.

Mr. Frank E. Hamilton is spending the summer with Mr. and Mrs. L. Miller Palfrey at Birchdale, Newington.

Mr. and Mrs. W. D. Grace have returned from a two weeks' trip to Washington and New York. They passed a week at the national capital.

Mrs. Martha A. Prescott of Laconia, who is well known in this city, is on a trip to Montreal, Can., and will attend the Rebekah Assembly of Quebec while on her trip.

Major William T. Hoadley, U. S. M. C., stopped over night with friends in this city while en route from Manchester to Portland. Major Hoadley has been stationed at the Portsmouth navy yard on two different occasions. He is in charge of the recruiting offices of Maine and New Hampshire.

OBITUARY

Mr. Zachus Bickford

Mr. Zachus Bickford, a native of New Castle, died at his home in Lynn on Wednesday afternoon at the age of 82 years. His body will be brought to New Castle for interment in the family lot.

HAS PET SKUNK ON HIS WAGON

Animal Enjoys Rides Over Milk Route of Greenland Farmer.

One of the curious sights seen about the streets of the city, is that furnished by a Greenland farmer who delivers milk.

Accompanying him on his wagon is a pet skunk dotted up with a fine collar and plenty of rope to allow the animal much freedom on the vehicle. He seems to enjoy the daily ride and the attention of his owner and the public. For some time he was thought to be a pet cat. He is owned at the former Dryden farm, looks as much for his ride on the milk wagon as a dog does in an automobile.

THREE LOCAL CHURCHES NOW WITHOUT PASTORS

At the present time there are three churches in this city without pastors, the Middle Street Baptist Church, owing to the resignation of Rev. William P. Stanley, the Court Street Christian Church, since the resignation of Rev. Percy Warren Caswell, and the Universalist church, Rev. Dr. P. A. Dillingham having resigned as its pastor. The churches in most cities find it rather hard to get pastors at the present time as many of the most able clergymen are in the field working in the interest of the big church movements which are now on, while many other clergymen have taken positions in the business world, as the high cost of living has made many a minister give up his church for a more lucrative position in the business world.

New Low Marks Made in Three of the Issues on New York Exchange

New York, May 19.—Stringent credit conditions today prevailed further extensive selling of Liberty bonds and Victory notes mostly at new low records.

By 12:30 o'clock sales approximating \$20,000,000 par value, new low points were established by Liberty first and second issues, the second and fourth issues and Victory 3-4s.

EXETER—RAILROAD MAN DEAD

Exeter, N. H., May 20.—Frank W. Camp, aged 69, died at the Cottage Hospital, yesterday morning, after a short illness of typhoid pneumonia. He was born in Piermont July 10, 1851, and had resided in Exeter for 18 years, making his home on High St. with his son-in-law, Rupert H. Ford, for nearly 40 years he had been employed by the Boston & Maine as a machinist at Tyndalville, Vt., and latterly at Concord.

DAYLIGHT SAVING STANDS IN NEW YORK

Albany, N. Y., May 20.—Governor Smith today vetoed a bill designed to repeal the daylight saving law.

OBSEQUIES

Miss Elizabeth Lewis

The funeral of Miss Elizabeth Lewis was held at two o'clock on Wednesday afternoon from her late home in North Kittery. Rev. John Graham of the Congregational church at Kittery Point officiating. Interment was in the family lot in the Christian church cemetery at Kittery Point under the direction of A. J. Trotter.

James Haugh

The funeral of James Haugh was held at 2:30 Wednesday afternoon from No. 7 Islington street, Rev. T. W. Caswell of the Christian church in Manchester officiating. Interment was in the Harmony Grove cemetery under the direction of J. Verne Wood.

NO AUTO LICENSE, HODGDON IS FINED

Hampton, May 20.—Arthur S. Hodgdon of Salisbury, Mass., yesterday pleaded guilty before Justice Lamprey to operating a motor vehicle not registered in his home town and paid a fine of \$25 and costs of \$3. The complaint was made by William H. Knox of Andover, state inspector of motor vehicles.

It was shown that Hodgdon had traded his registered car and used the old registration plates on the car he received in the transaction without receiving permission from the Massachusetts highway commission, which has charge of the registration of motor vehicles in that state. The registration records of Massachusetts showed that Hodgdon's automobile registration plates belonged to a different make of car than that which he was driving in New Hampshire and the prosecution followed.

BELIEVE HOLD UP ATTEMPT ON I. O. O. F. PARTY NEAR RAYMOND

Exeter, May 20.—It is believed that an attempt was made to hold up a party of Odd Fellows of Sagamore lodge of this town on their way back from Raymond Monday evening, as between Raymond and West Epping a large telephone pole and road drag were placed across the road. The first automobile was compelled to come to a stop, but it is thought by many of the party that the approach of the other automobiles frightened the would-be holdups from their plans. About 30 from Sagamore lodge attended the district meeting, which was held in Raymond.

WHY NOT A LITTLE WINE?

To those looking for an appetizing old-fashioned dinner at a relatively moderate price, the Concord Evening Monitor recommends cooked beef and dandelion greens. Perhaps you can get the dandelion greens from the front lawn.—Boston Globe. And if the front lawn produces them in sufficient quantity and they are properly prepared.

CLEAN AND SAFE MILK

A safe milk supply is really of the same vital importance to the community as is

A SAFE WATER SUPPLY

Milk is the cheapest and most perfect food. It is also a good food for infants. It is absolutely known that raw milk may cause typhoid fever, scarlet fever, diphtheria, sore throat, and tuberculosis.

PERFECTLY PASTEURIZED MILK IS SAFE

It is milk that has been quickly heated to a temperature of 115 degrees, held at that temperature for 20 minutes, then quickly cooled to below 50 degrees and kept cold. That's all. Science has proven that this process kills the dangerous bacteria that may be in the milk.

The milk is not altered chemically. It is unchanged in food value, digestibility or flavor. But it does make the milk SAFE—and, if kept cold, greatly prolongs its keeping.

Conceded that the people of Portsmouth are not less progressive than other cities—many communities demand it exclusively—we have made available for this city an adequate supply of clean, fresh, perfectly Pasteurized Milk.

A modern central creamery, equipped with the latest scientific apparatus for the sanitary, economical handling and refrigerating of milk and cream, and the washing and sterilization of cans and bottles enables us to offer this superior product at an advanced price. The per qt.

passed they will be green of the finest "charity fund," but was the amount quality. Why not a little wine, and, if any special case of charity. The facts, as shown by the accounts of the commanding officer of the Salvation Army, are that over \$700 was expended by them for local charity.

TO CORRECT MISTAKEN IDEA. THREE CENTS FOR NEW YORK GLOBE

In sending the report of the treasurer of the Salvation Army Home Seeker Fund for 1919, many got the mistaken impression that the only amount expended for charity was \$52. The sum from two to three cents a copy be designated in the report as a planning tomorrow.

SPINNEY-M'LEAN

The marriage of Abbie E. McLean and Joseph E. Spinney, both of this city, took place at the parsonage of the Christian church on Islington street on Monday, Rev. Percy Warren Caswell performing the ceremony. The groom is a foreman in the employ of Charles W. Gray, the coal dealer.

This year at Memorial Day time, pay their tribute of respect to the sailor and soldier dead and strew flowers on the water in memory of those who gave their lives for their country. Instead of having the children's exercises on the morning of Memorial Day as in years past the exercises are now held on afternoon previous, this plan making it much easier for the children.

FOR SALE—Full blooded Shetland pony (female) with saddle, bridle and harness for \$100.00 entire outfit or will rent for season. Charles E. Woods, phone 1383-M.

MEMORIAL EXERCISES BY SCHOOL CHILDREN

The school children will, as usual,

SOME OF SILENT POLICEMEN NOW READY FOR DEPT.

Police Will Put Them in Place and See They Are Properly Lighted.

The public will be somewhat relieved regarding the silent policemen when it is known that the matter has not been entirely overlooked and that street signs of a new kind will soon be in place if it can be decided what department will take charge of them when they are ready for duty.

The board of Public Works is busy getting out the work and at present has about half of the required number. A change has been made as compared with the one at the corner of Middle and State streets. The new arrangement will consist of a concrete base 14 inches in diameter in which will set the piling with sign at top "Keep to the right."

It is understood that when they are complete the board of Public Works will quit this job and are not to assume any further responsibility in connection with the policemen. They will be delivered to the police department at police headquarters and the police are expected to put them in different parts of the city and see that they are properly lighted at night.

They are so constructed that they may be left in position permanently or taken in by the police at the end of the season. The board of Public Works will insist that they are properly lighted by night for the protection of highway traffic.

VICTROLA FOR S. S. BROOKLINE

On Monday afternoon a handsome model Victrola was presented to the S. S. Brookline as a gift from the town of Brookline, Mass., for which the ship was named.

moving on the wrong side of Market street on Wednesday afternoon, struck another machine moving in the opposite direction damaging one wheel. The auto doing the damage ran on to the sidewalk and went along the brick paving for a distance of 25 or 30 feet after striking the other car. The driver claimed that he was moving slow at the time but some how lost control of his auto. If there had been any people on the sidewalk at the time, they would likely have been injured. The police took charge of the case.

Local Dashes

It takes a real hooser to boost. Danbells were never so plenty. Take down your old house numbers. Farmers say the hay crop will be good.

BACK FROM HER MAIDEN TRIP

Steamship Portsmouth Had Fine Voyage Since Dec. 5, 1919.

The steamship Portsmouth launched at the Atlantic yard July 4, 1919, is back from her maiden trip. The ship is in fine shape and worked without a hitch on the entire voyage.

She left Portsmouth Nov. 8, 1919 and Philadelphia Dec. 5 with a general cargo of steel, wire, gasoline, kerosene, condensed milk and various provisions for St. Thomas, and other foreign ports. After this cargo was discharged she loaded with grain at Buenos Aires for Barcelona. The ship touched at Rio de Janeiro, Gibraltar, Argentina, St. Vincent, Cape Verde Islands, Canary Islands and Azores.

On the return trip the ship brought a cargo of cork for Philadelphia and was 17 days on the ocean.

The Portsmouth is in command of Capt. Hans Peterson and was christened by Mrs. Hishop, wife of Mayor Albert Hishop. She was the third ship of her type launched at Freeman's Point and was assigned by the Shipping Board to the International Freight Corporation of Philadelphia.

TO CELEBRATE NINETIETH BIRTHDAY

Miss Susan P. Drake, for many years a teacher in the public schools of this city, will celebrate her ninetyeth birthday Saturday, May 22, and in commemoration of the event the Public Improvement Association will tender her a public reception at the Public school house from eight to ten o'clock Saturday evening, to which her friends, her associate teachers and her former pupils are most cordially invited.

EDWARD P. SHIMBURN, President of the Association.
